# ABOUT COLLECTION

Inspired by the checkered flag, Fever1 Fashion was imagined when our founder, Louise Lacroix attended the paddock open house at the Montreal Grand Prix in 2017. Having attended the Montreal GP since the 90s, she always searched for high quality and unique pieces of Motorsport fan wear. Unfortunately, she always found the same style of clothes that could be seen on hundreds of other partisans in the stands.

In 2017, she decided to modify a checkered dress by adding lace from a blouse in her closet. Unexpectedly, the dress was an instant success! She was stopped by the media, drivers, and fans alike asking her where she had purchased her dress, wanting interviews, and asking to take pictures with her.

From this experience, the journey of merging Louise's two passions of motorsport and fashion was born. She sought out to create a product that made women feel empowered, comfortable, and still within the thematic of the motorsport world that could be worn from morning to night. She couldn't be more proud that this first launch achieves just that.

This was realized through thoughtful designs and a custom made 4 way stretch textile. Historically, fan wear has often catered to women of smaller figures. This left out many female fans having to buy men's clothing, not made for the women's curves. One of the main goals of our founder has been to ensure that all clothing is flattering and comfortable on a large range of body types. We are proud to offer all of our items from XS to XL in a variety of silhouettes, without having had to compromise on the integrity of the material.

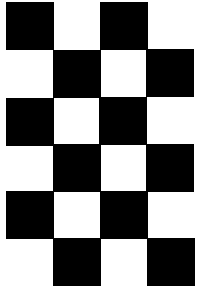

Whether you are a fanatic of motorsports or want to dress to impress at the next car meet, Fever1 Fashion offers you high end options of dresses, skirts, accessories, and jewelry to complete your look.

Thank you for being part of our founder's dream and journey.
